

Short Programme in

Logistics Management

Endorsed by the Chartered Institute of Business Management (CIBM)

Type of qualification

- Part-time
- Endorsed by the CIBM
- Provider Qualification / Short Programme*

*This short programme has been specifically designed to teach skills and knowledge to ensure success in a chosen field of learning, but is not credit bearing. It differs from full qualifications that are registered on the National Qualifications Framework (NQF).

About the programme

Logistics Management improves efficiency within a business by streamlining operations and costs, thereby increasing overall profitability.

This programme covers all aspects of this field through the use of practical examples in the application of theories, strategies and operational guidelines. The topics covered illustrate the impact of logistics on customer service, transportation, warehousing, order processing, purchasing, importing and exporting.

Admission requirements

- Comprehension and application of English and Mathematics at NQF Level 4/Grade 12 or equivalent
- Relevant logistics experience would be an advantage or completion of the UniCollege Short Programme in Warehouse Supervision

Duration

The programme duration is 48 hours. Tuition is face-to-face and classes run on Saturdays over 12 weeks.

Certification

Upon successful completion of the study programme and internal assessments, learners will be awarded the *UniCollege Short Programme Certificate in Logistics Management*. This qualification is endorsed by the Chartered Institute of Business Management (CIBM).

Course Material

All course material is included in the tuition fee.
